Lodi Gas Storage, LLC	Year of Report - 2012	G.O. #156 Sec. 9.1.1
-----------------------	-----------------------	----------------------

	A description of WMDVBE program activities engaged in during the previous calendar year. Internal
Line No.	program activities.
1	Lodi Gas Storage, LLC's vendor selection policy states, "It is the policy of Lodi Gas Storage, LLC (LGS)
2	that women, minority, and disabled veteran owned business enterprises (WMDVBE) shall have the
3	maximum practicable opportunity to participate in the performance of contracts. Furthermore, this
4	policy shall not be used to exclude qualified non-WMDVBE's from participating in LGS contracting."
5	
6	
7	This policy was transmitted to each employee responsible for procuring or recommending procurement
8	of materials and/or services. Additionally, LGS prepared and sent a questionnaire to each vendor with
9	whom LGS had done business since its inception. This questionnaire polled the various vendors
10	regarding their current ownership and management to determine the vendors to be included in the WMDVBE statistics. The results of the questionnaire are compiled and are presented herewith.
11	Will vol Statistics. The results of the questionnaire are complied and are presented herewith.
12	
13	
14	If a vendor did not submit a response to the questionnaire, LGS consulted the CPUC WMDVBE
15	Clearinghouse to determine if the vendor was a certified WMDVBE firm. Any vendor who did not respond or could not be identified in the CPUC WMDVBE Clearinghouse was assumed to fail the test of
16	WMDVBE ownership.

1	The LGS WMDVBE outreach program will continue to consist primarily of training personnel on the availability of
2	resources to assist them in locating and contracting with WMDVBE suppliers of products and services.
3	
4	Employees who have the responsibility and authority to purchase goods and/or services or to recommend the same will
5	be provided with a listing of companies in the CPUC WMDVBE Clearinghouse as well as a link to the site. They will be
6	encouraged to seek out these companies when making purchases or recommendations.
7	
8	
9	Employees will be trained in how to use the CPUC Supplier Diversity database. This training will include how to download
10	the listing and how to search the database to determine the most qualified companies.
11	
12	Employees will be encouraged to evaluate suppliers based on the following criteria:
13	Applicability of supply (does the company supply the needed products and/or services?)
14	Quality (does the company provide products and/or services that meet the LGS quality standards?)
15	Cost (is the cost reasonable and competitive?)
16	
17	Employees will be instructed that, when the above criteria have been met, to consider the WMDVBE suppliers as the
18	preferred suppliers.
19	
20	Any employee who identifies a WMDVBE supplier that is not included in the CPUC WMDVBE Clearinghouse will be
21	asked to bring this to the attention of the supervisor. Supervisors will in turn bring this to management's attention.
22	Management will work with the supplier to put them in contact with the CPUC WMDVBE Clearinghouse in an attempt to
23	get them certified. Lack of certification will not preclude a supplier from providing services.
